Bethel Proposes At Austin College Town Hall

Lander Bethel, Democratic Candidate for US Congress Texas District 4 will be speaking at a Town Hall on the campus of Austin College in Sherman. The Town Hall is scheduled for Wednesday, February 21 at 5 pm in Mabee Hall on the second floor of the Wright Campus Center. Bethel will appear with 3 other candidates contesting the same seat. The incumbent John Ratcliffe has not responded to an invitation to attend.

Among other things, Bethel will be presenting his views that higher education and vocational education are foundational to the advancement of our country, but they are currently under assault in Washington, D.C.

Bethel, is endorsed by the Dallas Morning News Editorial Board. He is devoting time to meeting with local communities throughout District 4, a practice he plans to continue if elected. "It's not acceptable to win an election and disappear to

Washington,” Bethel said. “If I am honored with the privilege of serving, I will continue to seek feedback from north Texas Democrats and Republicans alike. It’s how commonality is discovered and workable solutions formed.”
